DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 19-26, and 28 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

- "said substrate head assembly" (claim 19, line 6) and said substrate both lack proper antecedent basis. Two substrate heads may be in contact with the same polishing surface as recited in the claim; each carrying a substrate.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

4. Claim 19 is rejected under 35 U.S.C. 102(a) as being anticipated by Nakamura (5,361,545).

Art Unit: 3724

- Nakamura discloses a polishing, comprising; a support member (arm for supporting member 56a) rotatable about a first axis; at least two polishing surfaces (15) arranged "about" the first axis; at least two substrate head assemblies (56a and disc immediately above each) each capable of supporting thereon at least one substrate in contact with a selected one of the polishing surface and each being supported on the support member, reciprocal movement (can occur if arm is caused to move back and forth) being provided between the substrate head assembly and the selected polishing surface during engagement of the substrate with the selected polishing surface.

Allowable Subject Matter

5. Claims 1-11, 29-31, and 36-42 are allowed.
6. Claims 20-26, and 28 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
